

## Vocabulary Draw and Guess Game

1. Break students into groups of 4.
2. Students get a sheet of paper have them create 6 sections.
3. Assign each of the 4 students 6 different vocabulary words, resulting in each group possessing all of the words.
4. Set a timer for 30 seconds while each student draws a simple picture of a vocabulary word.
5. Swap papers with a group member, set timer for 1–2 minute(s).
6. Try and guess what vocabulary term they drew. Then explain to each other what the word is and their idea behind the drawing! Swap papers back.
7. Do this 6 times or the total of vocabulary words each student has during the 30–second intervals. And 1–2 minute intervals for guessing/explaining!

**Students will love racing against the timer to draw an accurate description of their vocabulary words, and have fun guessing other group members words as well!! Have fun with it!**
